Company Profile

Bookware Publishing Corporation was established in February 1992, recognizing the strong market potential for Tagalog romance novels in an easy-to-read pocketbook format. The company began its journey by publishing heartfelt and entertaining love stories that celebrated emotion, passion, and the human experience.

Over the years, its commitment to creating engaging stories and promoting a reading culture for the mass market grew beyond a single genre, inspiring Bookware to expand into new book categories and reach a wider audience.

EXPANSION OF RELEASES

In 2008, Bookware broadened its portfolio by publishing a wide range of leisure books, including Sudoku, Word Hunt, Crossword, and Spot the Difference puzzle books, as well as horror novels, cookbooks, and young adult fiction books. The company also introduced coloring and activity books for adults and seniors, which were warmly received by the market.

Today, Bookware continues to diversify its offerings with a new line of stationery products, featuring gratitude and daily journals, notebooks, weekly planners, and notepads.

In 2008, Bookware launched its children's book imprint, **Duyan Books**, introducing a wide range of coloring, activity, writing, storybooks, and workbooks for children ages 3 and up.

Today, Duyan Books focuses on publishing imaginative children's titles that seamlessly blend fun and learning. Each book is crafted to entertain while fostering curiosity, creativity, and values—helping young readers absorb lessons naturally, enjoy every adventure, and develop a lifelong love for reading.

VISION

MISSION
